REMARKS

By this preliminary amendment, claims 1-12 have been canceled and claims 13-23 added. Thus, claims 13-23 are active. Support for the new claim recitations can be found at least at: Fig. 65; Fig. 66; and column 49, lines 25-32. If the Examiner requires further supporting passages, she is invited to contact the undersigned by telephone.

The present Preliminary Amendment seeks to amend the specification by replacing the specification and abstract with the enclosed substitute specification and abstract. Since this is a reissue application, the substitute specification includes bracketing and underlining to show the changes relative to the patent specification.

Respectfully submitted,

Mitsuaki OSHIMA et al.
